BENEFACTORS: Mr. & Mrs. Dolan Marshall, M.J. Morton, Donna Valdez, Barbara Morales, Cynthia Hibbard

---

EDITORIAL: You have all heard the axiom "there is no time like the present". I find that Aromas needs to take a good look at itself right now. Everywhere you look, new things are being tried. Rezoning of our counties, individualized instruction and parent involvement at our school, new and better wells for our Water District, re-dedication of our Fire District to local control, community involvement at our library, dances held at our Grange Hall, a day care center, a newspaper ..... One look will show you that we are ready for self-determination. We can start to channel our energies into our community instead of looking solely to nearby cities. We are just about ready to become self-sufficient; without the trappings of a "city" we are providing for our own needs. Soon we will not be looked upon as an orphan. We may decide to become a real place under the jurisdiction of one county. We may decide to become a township. If we don't come up with a plan for the future, you can be certain that those with vested money interests will lay one on us! We have interests far superior. Let us not dawdle; let us meet together and settle upon ways to control Aromas growth, provide an education for all our children-Kindergarten through 12th grade, provide health and police protection, beautify our park and allow for recreation, etc., etc. Whatever it is you've been waiting for - do it! Now's the time. There is a community service meeting at the Jones', 3580 Viola Dr., Aromas, 724-0588 on Wednesday, February 25th at 7:30 PM. Park anywhere and walk as far as you have to, but truck on over!

LETTER TO THE EDITOR: From Chris Coburn, Office of Public Information, P.V.U.S.D.

I have just received several copies of Aromas Air from Duane Peterson, and I wanted to tell you how impressed I am with your efforts. I have been working with several principals in the district to improve their school newsletters, and yours will serve as a beautiful example of how to do it right. Both the variety of information included and the liveliness with which it is presented can't help but be good for the school and the community.

Please add my name to your mailing list (if you send it from the school through campus mail to the district office, it's free) and please pass my compliments along to the rest of the people who work with you.

THE AROMAS AIR is ..... in debt. Each issue of the AIR costs approximately $15.00 This for the price of mimeo paper, ink, and stencils. A bake sale and contributions from the benefactors above paid for the first 4 issues. The P.T.A. sponsored the sale of refreshments at the February 7 film showing at Aromas School. Proceeds went to the Aromas Air which amounted to almost enough for another issue. There is no money for issues 6 and 7. Avenues we could pursue: advertising, charging 5¢ per copy, selling subscriptions, or asking for donations. The truth of the matter is, if any of these possibilities are pursued, help is needed to implement the plan. Please call me and offer assistance if you want to see the AIR circulate. Would someone, perhaps, be interested in handling the financial end of the paper? Please let me know your inclinations and by all means support the AIR if it means anything at all to you. AROMAS AIR, P.O. Box 685, Aromas, California 95004 or Aromas School on Vega will receive your contributions, monetary or otherwise.

VOTER REGISTRATION: Mrs. Martin at the Aromas Branch Library is registering voters for Monterey County. Please register during library hours: Mondays-10 AM to 6 PM; Wednesdays-12:30 PM to 4:30 PM; and Thursdays-10 AM to 6 PM. To register in San Benito County, contact Yolanda Henry of Carr Avenue or M.J. Morton of Snyder Road.

FIRE DISTRICT ---------- by Francine Carroll

When the fire siren goes off most of us take momentary notice, wonder what has happened, and then forget about it. Ten Aromas residents react differently; sowing is interrupted, garden tools dropped, a favorite television show abondoned. These people make up the volunteer arm of the fire department. In the tradition of small towns everywhere, they provide the complement of service necessary to have an effective, efficient firefighting team.

Most of the volunteers were first drawn to the department by that intriguing siren. After a period of observation, training, and testing, they act as full members of the department. Firefighting is actually only a portion of their duties, as the fire department is frequently called upon for medical emergencies, the removal of accident victims from tangled wreckage, the patroling of illegal burns.

The volunteers meet twice monthly (the 2nd and 4th Tuesdays of each month) for drills. The group also participates in service projects which benefit the fire department, taking part in the recent renovations to the station and sponsoring the yearly Aromas Day (the proceeds of which purchase new equipment for the department).

Men and women interested in serving as volunteers may obtain more information by contacting acting Fire Chief Tom Henry at the station, or Louis Salazar, president of the volunteers, 724-9486.

COMMUNITY SERVICE/WATER DISTRICT MEETING - Tuesday, January 27

The Water District held a special meeting during the course of which was discussed new sources of water. The Water District is considering tying into one of two wells: The Wisely well and the Carneros well. The Carneros well was looked upon favorably, as it would pump 600 gallons per minute and is of good quality. The Wisely well would require pumping and testing yet. The Local Agency Formation Committee (LAFCO) of San Benito County is keeping close tabs on the proceedings. Their conclusions should be known by the end of this month. The next Water District meeting will be on Tuesday, February 17 at 7:30 PM at the Fire Station.

Following this brief meeting, the Community Services began. Present were Pete Herrlich, Donna Valdez, Pam Fischer, Connie Forth, Pat Jenks, Paul and Ruth Newell, and Larry and Carole Jones. Discussed were: formation of a community council, Aromas coming under the jurisdiction of one county only, volunteer auxiliary for the library, providing an education for all Aromas children from preschool to 12th grade, recreational center for young people and senior citizens, park with playground and picnic area, para-medic training for fire department with direct contact to closest hospital, providing in-town police protection, providing a welcoming committee for newcomers. Pat Jenks showed us a Civic Directory of Aromas, available at the Fire Station, which could be updated. It was decided to have another meeting on Wednesday, February 25 at 7:30 PM at the Jones', 3580 Viola Dr.. Peter Herrlich has been asked to bring some information and maps so we can study the possibilities of all of Aromas being subject to only one county. If you have preferences regarding this matter, or others, please come and share with us your reasoning.

PARENT ADVISORY COMMITTEE for AROMAS SCHOOL met on Wednesday, January 28. Principal, Duane Peterson, was present as were Gayle Hopper - Chairperson, Ralph and Donna Valdez, Earlene Martinez, Ruth Snyder, Suzanne Clarke, Laurie Hill, Barbara Morales, Linda Child, and Carole Jones. Two projects were discussed and work begun. The first, a day care facility at Aromas School. This will serve a number of purposes; primarily to provide help for parents who would not otherwise be able to spend time in our classrooms. A Saturday "work day" from 9-12 AM created a fenced-in play yard as well as the transformation of our music room into a clean open space for indoor preschool activities. A rug and some infant furniture have been added. Toys and play equipment are needed. Call Aromas school if you would like to donate articles or time to this endeavor. The Day Care Center at the school will be available beginning Monday, February 9. The services are provided on a cooperative basis. Every citizen is welcome to help out in the classroom or Day Care Center or both for even a half hour per week. Aromas School phone number: 728-3611.

PARENT ADVISORY COMMITTEE --- cont'd

The second project discussed was the Form A-127 (School Project Plan) which must be filled out and filed within the next several weeks. This form requires evaluation and assessment of community and school status, goals, needs, etc. Sample surveys must be taken and the parent community is urged to attend meetings regarding this plan. It is time to sit down together and as a community to map out our needs and priorities. Come to the next PAC meeting on Tuesday, January 10 at 2 PM, at the Community Church across from the school. Baby-sitting and refreshments will be provided. Husbands can rarely be present at afternoon meetings, so discuss views with them before the meeting. Another meeting will be scheduled in the evening for those who cannot attend in the afternoon.

AUXILIARY TO THE LIBRARY: An Auxiliary is being formed to assist the various needs of our local Aromas Library. They could use new members interested in helping with the pre-school story hour; the Summer Reading Program (to include arts and handcrafts); books to shut-ins (a new program just initiated); making flannel graph items; raising money for the flannel graph material and also the much needed new window shades; persons familiar with Dewey Decimal system to assist when school classes visit the library - 2 or 3 classes a month plus first and last of school year; puppets and puppet makers. If this type of activitity appeals to you - please contact Connie Forth 722-9027 or Mrs. Martin at the Aromas Library, 722-6044 ....by Connie Forth.

P.T.A. - AROMAS SCHOOL: The P.T.A. held a board meeting on February 7 at 2 PM. Several projects were scheduled. The Kindergarten Round-Up will take place on April 8. Vision and hearing will be tested by staff and volunteers. Further details will be forthcoming. The BOX DINNER SOCIAL is scheduled for Tuesday, February 24 at 6:30 PM in the Aromas School cafeteria. Included in that evening's program will be a slide show by Mrs. Borg and Mrs. Hayes (Woman of the Year, Watsonville), comments regarding Founder's 'Day, a report from the Nominating Committee, and the presentation of an Honorary Service Award. Everyone is invited to join us. Bring a dinner large enough to meet the needs of your family and include plates, silverware, and tablecloth. Put your name inside your decorated box or basket. P.T.A. will provide coffee, tea, punch, and a decorated cake to commemmorate Founder's Day. Decore will be patriotic. Card tables are needed to create a cozy atmosphere. Auctioning of dinners will be done by Aromas School Principal, Duane Peterson.

DISCIPLINE: The first of a series of workshops: PARENTING CLASSES ON DISCIPLINE was given at Aromas School Friday February 6 at 1 PM by Larry Barrow, school psychologist. Present were Barbara Morales, Linda Child, Earlene Martinez and Carole Jones. Discipline was defined as a guidance system with several components: self-imposed (internal), imposed by others (external), positive, negative, boundaries, firm loving guidance, and moral and value development. Mr. Barrow previewed 6 books which he considered pertinent: T.E.T. (Teacher Effectiveness Training) and P.E.T. (Parent Effectiveness Training) by Dr. Thomas Gordon; DARE TO DISCIPLINE by James Dabson stresses the balance between control and love; PUT YOUR MOTHER ON THE CEILING by Richard De Mille, discusses controlled fantasy; BEHAVIOR AND MISBEHAVIOR by James L. Hymes, Jr.; and THE GAMES CHILDREN PLAY by A.H. Chapman, M.D., a noted psychiatrist clarifies the emotional strategies children use on each other and their parents. Mr. Barrow will conduct meetings from 1 to 2 PM each Friday (except Feb. 13) on this subject. All are welcome.

There will be a Parent Advisory group workshop on discipline at the home of the Jones' on Wednesday, February 11, 3580 Viola Drive, to begin formulating an acceptable policy regarding discipline at Aromas School. The corps group includes Carole Jones, Linda Child, Earlene Martinez, and Kathy and John Sinacori. Please join us if you are interested. Progress reports will be forthcoming.

CERAMICS: OPAL'S CERAMICS will be opening soon on Bardue Street. Opal Pickett is arranging a cozy studio in her home where she will teach painting and glazing. There will be no fee for classes. Contact Opal at 722-1410 ..... by Francine C.

HALL DISTRICT WORKSHOPS

Jerry McGowan, Office of Career Education, spoke about Career Awareness in our school district, showed reading materials used in the classrooms and a short film which will be shown elementary students. The film emphasized the importance of knowing yourself (don't be led into something by others); familiarizing yourself with as many different kinds of jobs as possible, and realizing your choice is not "just" a job, but to find your life's work, that which you will thoroughly enjoy doing. Mr. McGowan welcomes your interest and suggestions. Jerry is very easy to talk with and is willing to counsel students. His number: 722-9231, ext. 286.

Kenneth Larson, Director of Curriculum Services, Santa Cruz County Office of Education, conversed with parents and showed slide selections from his recent stay in England where he circulated his talents and observed several grade schools. A very perceptive man, whose focus is very obviously upon the child foremost, Mr. Larson expressed the key attitudes which he found stimulating in these English schools. Students are encouraged to work in groups of 5 or 6 on projects determined by their own interests. Students are encouraged to write of their experiences, as well as to chart them and draw impressions. Aesthetics is interwoven into the study programs; the children are allowed to delve deeply into subjects whether it be book-making, plant growing, survey conducting, etc. so that perhaps they don't cover as many subjects during the course of a year, but they do thoroughly understand what they have experienced and can share these things through many mediums. Much is expected of these people and much do they measure up. There is no written evaluation - only parent-teacher conferences. Decisions are made at the school level, rather than district, state, or federal. There are on-going courses for teachers which are very advanced and inspiring. The interests of the students are capitalized on. Teachers gain the respect of the students by talking with them and not at them. The school provides a community experience and the environment is drawn upon heavily for study. Mr. Larson's number: 425-2306. He is a goldmine!

If you wish to learn about Hall District happenings, contact Francia Brooks (lovely Aromas lady), Hall Parent Education Coordinator, 724-4674.

SENIORS ARE SUPER

Senior citizens of or near Aromas are asked to call Aromas School to schedule activities with students. Mrs. Cheryl Walker (5th and 6th grade teacher) suggests that while parents are reluctant to accompany students of 5th and 6th grade status in the classroom, senior citizens may well be the answer to the need for extra help and guidance. Students need individualized attention and could benefit from experiences and help of those older and wiser. Please let Cheryl know of your interest in the young people. Aromas School number: 728-3611.

Cabrillo Gold Cards are awarded to citizens 62 years or over, an identification available in the community services office free of charge. The card gives the same discount received by students for Cabrillo events. Special programs are planned for gold card holders. Comments and suggestions for program development are welcomed. Please phone 425-6335 or 688-6466 for information.

The PARKS, OPEN SPACE & CULTURAL SERVICES DEPT. sponsors programs for Senior Citizens. For information, call Senior Center in Watsonville, Ruth Sheffield, 724-0481.

MENTALLY GIFTED MINORS

There is state money available for a gifted minors program at Aromas School. Parents need only ask to have Larry Barrow test students. There are probably 10 to 20 students at Aromas School who qualify. Let us not any longer neglect the needs of those special people.

LYCEUM Spring workshops begin soon. Teachers need to be alerted that students who are eager learners may be placed on a list signed by Mr. Peterson which is sent in to the Lyceum secretary. These children will be able to participate in special workshops and short courses, provided their families are willing to pay a $15.00 membership fee. Lyceum is a Santa Cruz County non-profit organization.

WOMEN'S CONSCIOUSNESS RAISING: The Aromas women's consciousness raising group currently meeting Wednesday evenings has switched to Thursday evenings in order to enable more people to attend. The meetings run from 7:30 to 9:30 PM and are held at the home of Francine Carroll, 306 Bardue. Women wishing information about the group aim and structure are welcome to drop in this Thursday evening or call Francine at 728-2749 evenings or week-ends.....by Francine Carroll

---

AROMAS RECREATION NEWS: There will be another Teenager's Dance this Wednesday, February 11 from 7:30 to 10 PM in the Aromas School Cafeteria. Anyone interested in helping decorate, stop by the cafeteria after school on Wednesday. Any parents who would like to chaperone for part or all of the evening, please phone Stephanie Harlan at the school, 728-3611.....by Stephanie Harlan.

CABLE T.V.: The cable T.V. petition is revealing strongly positive opinion. However, circulation is going slowly because only a few people are involved in the door-to-door campaign. Petitions are available at the Adobe Kitchen and the B & L Hardware store, although we do intend to knock on every front door in Aromas before turning the results in to the cable company. Anyone who could give an hour or two to collecting their neighbors' signatures, please call Francine Carroll, 728-2749.

WINTER RECREATION PROGRAMS, City of Watsonville Recreation Department --- 722-3551. Classes and activities: Creative Drama (7-12 yrs.); Creative Dance (5-8 yrs.); Beginning Spanish Dance (7-12 yrs.); Karate (6-13 yrs.); Little People's Program (3-5 yrs.); Playground Program; Mobile Recreation Unit; Girl's Volleyball (5th and 6th grades); Teen Drop-In; Dance Exercise (Teens and Adults); Women's Slowpitch Softball, and Men's Fastpitch Softball.

SANTA CRUZ COUNTY PARKS, OPEN SPACE AND CULTURAL SERVICES - Winter Activities, 701 Ocean St., Santa Cruz, 425-2394. Activities include: Basketry; Baton; Belly Dancing; Bicycle Maintenance; Crafts (clay, fiber batik, etc.); Creative Dramatics Workshop; Creative Writing; Dance; Dulcimer; Folk Guitar; House Plants; Karate; Mime Workshop; Outdoor Survival; Tumbling; Volleyball; Weaving & Macrame; Writing Workshop for Women; Yoga; Recreation Programs for the Mentally Handicapped; Tiny Tots (3-5 yrs.); Senior Citizens; Octagon Museum. PARENTING TODDIERS: (18 to 30 months), Mondays, February 9 through March 29, 9:30 to 12 AM at the Church of St. John the Baptist, Capitola. Instructor Nadja Stanchfield. Sponsored by Family Life Classes, Cabrillo College, 688-3024. The meetings will prove an enriching socializing experience for toddlers. For parents it will be a time to spend with their children in a structured group play situation and to talk with other parents and the instructor about shared struggles and questions concerning toddler behavior and development.

HARTNELL COLLEGE SERVICES ..... by Francine Carroll

PHYSICIANS ASSISTANT TRAINING PROGRAM: Looking for a new career? Hartnell College is now taking applications for admission to a physician's assistant training program, operated jointly by Hartnell and Stanford University Medical Center. Applicants need to be high school graduates and have direct patient care experience. The program teaches the skills necessary to extend physicians' services to underserved areas of rural and small town California. Students selected will spend the first year of the program at the college, taking basic science and introductory courses. The second year will consist of approximately five months of intensive clinical training at the Medical Center and on-site training here in the Hartnell District area.

TAX RETURN ASSISTANCE: Hartnell College, in cooperation with the IRS and the Salinas Public Library, will provide trained volunteers to assist persons in completing their tax returns. Volunteers will be on hand in the Salinas Public Library from 12 to 4 PM each Saturday through April 10. The program is designed for persons such as senior citizens, low income families, and those who are simply

HARTNELL COLLEGE SERVICES - TAX RETURN ASSISTANCE --- cont'd

confused by complex tax forms. Those persons wishing to use the service should call Hartnell's Office of Community Services, 758-8211, to make an appointment. They should be able to provide W-2 forms, tax packages received in the mail, copies of last year's tax return, and receipts for itemized deductions.

CABRILLO COLLEGE ..... 425-6335 or 688-6466

Call Barbara Morales, Parent Education Coordinator for Aromas School, regarding baby-sitting and transportation.

THE ART OF TAKING TIME TO LIVE

To get the most out of life we must take time to live as well as to make a living. We must practice the art of filling our moments with enriching experiences that will give new meaning and depth to our lives.

We should take time for good books; time to absorb the thoughts of poets and philosphers, seers and Prophets.

Time for music that washes away from the soul the dust of everyday life.

Time for laughter; time for letting go and filling the heart with mirth.

Time for nature; time for flower gardens, trees, birds, and sunsets.

Time to love and be loved, for love is the greatest thing in the world.

Time for people; time for the interplay of personalities and the interchange of ideas.

Time for solitude; time to be quiet and alone and to look within.

Time to give of ourselves, our talents, abilities, devotions, convictions, that we may contribute to the onward march of man.

Time for worship; time for opening our lives to God's infinite springs of vitality, that we may live more abundantly.

..... by Wilferd A. Peterson
